OFFICE OF LEGISLATIVE COUNSEL

Monday - 30 June 1969
25X1A

25X1 1. [redacted] In the absence of Senator Henry M. Jackson (who is on the west coast this week), [redacted] and I met with Miss Fosdick, Staff Director, Subcommittee on National Security and International Operations, and delivered a paper on "The Effect of the Cuban Missile Crisis on Soviet Strategic Force Planning" per the Senator's earlier request.

Miss Fosdick said she was anxious for the paper on the Politboro we are doing for them by not later than the morning of Thursday, 3 July.

Miss Fosdick also requested for this week a very brief paper on the number of Soviet "intellectuals" now in prison or in labor camps.

[redacted]

25X1

We briefed Miss Fosdick on recent developments in Soviet ICBM deployment and the Sino-Soviet military situation.

25X1A

2. [redacted] and I met with Ed Braswell, Senate Armed Services Committee staff, to whom we delivered for Senator Stennis a copy of the Director's prepared statement before the Senate Foreign Relations Committee on 23 June.

We briefed Mr. Braswell on recent developments in Soviet ICBM deployment and the Sino-Soviet military situation.

25X1 3. [redacted] Left with Mr. Lloyd Salvetti, in the office of Representative Hastings Keith, a map of the Agency for the Congressman's use in visiting the Headquarters building tomorrow.

25X1 4. [redacted] Called Mr. Lloyd Salvetti, Administrative Assistant to Representative Hastings Keith (R., Mass.), to confirm the arrangements for Mr. Keith's visit to Headquarters tomorrow at 8:30 a. m.

Later in the evening Mr. Salvetti informed the Agency's Watch Officer that they would have to cancel.

Mr. Conrad had just returned from Indiana himself and had no new information and said he would look into it and be back in touch with us.

1. [redacted] George Murphy, on the staff of the Joint Committee on Atomic Energy, called about an approval which apparently has been given by a Department of Commerce Board to the sale of an accelerator to East Germany. I covered with Murphy the points included in our intelligence briefings of the board on this subject.

25X1

2. [redacted] Senator Henry M. Jackson called to request material on the Soviet Politboro (see Memo for Record).

Senator Jackson said he was sorry he hadn't had time to be in touch with us recently but appreciated our keeping Miss Fosdick, of his staff, up to date on current developments.

Senator Jackson indicated that he thought the Director had handled himself very well during his recent appearances on the Hill.

1. [redacted] I talked to Mr. Arthur Kuhl, Chief Clerk, Senate Foreign Relations Committee, concerning the deletion of the Director's testimony from the transcript of the hearing of 23 June. Mr. Kuhl advised that the preferred method for reporting excisions from the transcript would be to bracket the material rather than to line it out. He also advised that he had talked to General Lawrence, Deputy Assistant to the Secretary of Defense, yesterday requesting that the Secretary's office return their corrections and recommended security deletions by Friday afternoon or Saturday morning at the latest. He has not yet heard from General Lawrence who wanted to check the matter with Mr. Stempler. Mr. Kuhl also noted that the Agency would probably have little difficulty in the security review of the transcript since it was his understanding that it had been agreed by the Committee Chairman that the Director's testimony would be deleted.

25X1

2. [redacted] I talked to Mrs. Mary McLaughlin, Senate Foreign Relations Committee staff, who advised that various members of the Committee are actively reviewing the transcript of the DCI/Laird testimony of 23 June. Mrs. McLaughlin indicated that at least one senator will be working on the transcript between 6 and 7 p.m. this evening. It was agreed, therefore, that the Committee copies of the transcript would be picked up at 7 rather than 5:30 this evening. The transcripts will be returned to the Committee for their use in the morning.

25X1

Marcy said Senator Fulbright was "getting a lot of flak" from the press over permitting Laird and Helms to appear jointly. He said the press was arguing that if Laird and Helms appeared jointly, then Rogers should also be included, and they were claiming that by hearing Laird and Helms jointly the Committee was guilty of mixing intelligence and policy by letting this go on and asking why Fulbright "folded up" under pressure from Laird on this issue. 1. At the Director's request called Mr. Sam Black, on the staff of the Democratic Study Group, in response to a request of the Group Chairman Representative Don Fraser for the Director to conduct a seminar of the Group on 1 July on "Estimating the External Threat." I told Mr. Black that the Director would not be available at that time and because of his heavy schedule could not forecast when he might be available. Moreover the subject involved was one on which we were in no position to even talk to a Group such as this. I said that estimating very much concerned the inner workings of the Agency and community and the Subcommittees to which we were primarily responsible regularly disapproved our going into these matters with other committees or groups. Black said he understood our problem and wondered if I had any alternative suggestion. He said Pete Scoville and Paul Warnke were participating and wanted to round out the program with someone experienced in the intelligence field. I suggested he might call Tom Hughes in State.

He agreed and said it probably would be sometime next week before he would be finished with the Defense Appropriations hearings.

I advised Woodruff of our contacts with Ken BeLieu, of the White House, and our intention to be in touch with Senators Robert Byrd (D., W. Va.), Roman Hruska (R., Neb.) and Strom Thurmond (R., S. Car.) or their principal legislative assistants with regard to the Ervin bill, S. 782. 4. [redacted] Met with Joseph Owens, on the staff of Senator Robert Byrd (D., W. Va.), and briefed him on the Agency's problems with regard to the Ervin bill, S. 782. I told him it was our understanding that Senator Ervin was polling the members of the Constitutional Rights Subcommittee (of which Senator Byrd is a member) and that I was merely attempting to inform them of our concern of the bill. Owens seemed to appreciate our contacting him on this and said he would discuss the matter with Senator Byrd. Owens had been away on military leave and appeared to be unaware of the letter from Senator Ervin asking the members of the Subcommittee their views on S. 782. He will look into it, however, and be back in touch with us if any further information is needed.

OFFICE OF LEGISLATIVE COUNSEL

25X1A

Tuesday - 17 June 1969

25X1 1. [] Talked to Mr. Roland Paul, Senate Foreign Relations Committee Ad Hoc Subcommittee on United States Agreements and Commitments Abroad, and confirmed arrangements for a visit together with Mr. Walter Pincus on Wednesday, 18 June for briefings on Far East countries they will visit on Committee business.

25X1 2. [] Met with Mr. James Wilson, House Science and Astronautics Committee Manned Space Flight Subcommittee staff, and briefed him on recent activities of the Soviet space program. Mr. Wilson was most appreciative and advised that he would pass the information on to Chairman Teague.

25X1 3. [] Met with Mr. Robert Michaels, House Appropriations Committee Defense Subcommittee staff, who advised that there had not been an opportunity as yet to discuss the question of certain Radio operations with the Chairman. He will advise when the matter has been discussed. In response to his earlier request, I provided a list of selected Soviet military activities in the Far East for the period mid-May to the present. I also briefed Mr. Michaels on the crash of a Soviet Mi2 helicopter and recent activities in the Soviet space program.

25X1 4. [] Met with Mr. Bun Bray, House Post Office and Civil Service Committee staff, who advised that from the Committee point of view practically no interest is in evidence with regard to the Ervin Bill (S. 782). In fact, on a recent speaking tour meeting with postal and management people, only two questions concerning the bill were raised in the entire trip. Mr. Bray indicated he has not heard anything recent from the Senate side. As for the Daniels Bill (H.R. 9825), he feels that there is a reasonably good chance in the House, but in all probability amendments on the floor will require an increase in the contribution by members of the Legislature and legislative staff. He also noted that the Committee staff is putting the final touches on a bill to be introduced by Representative David Henderson (D., N.C.) that will provide leave for Federal employees for absences as witnesses in criminal actions. Mr. Bray described this bill as one that is somewhat overdue.

7. [] In the absence of Representative Charles Gubser (R., Calif.), met with Miss Jean Gordon, his Administrative Assistant, in response to Representative Gubser's request concerning staff security clearances. (See Memorandum for the Record.)

11. [redacted] Jay Sourwine, on the staff of the Senate Subcommittee on Internal Security, called to say that they might be "going into" the Southern Student Organizing Committee. He said that there have been allegations that the Agency provided funds to this organization indirectly. Sourwine said he did not want to "get in our way" and asked if there were any caveats that they should follow to please let him know. I thanked Sourwine for calling us about this and said I would be back in touch with him.

12. [redacted] Met with David Martin, on the staff of Senator Thomas Dodd (D., Conn.), concerning his letter to us enclosing an article from the Jerusalem Post alleging that the Soviet Union and France are engaging in a conspiracy against Israel which could back the United States into a corner. I advised Martin that, as he indicated in his letter to us, the article was a trifle farfetched. I added that the author, who is a 74 year old lawyer, judge and strong Zionist, has written other articles along these same lines and could be expected to take this kind of position. I went on to say we had no information to support the extreme situation which he portrays.

[] In chance encounter with Carl Marcy he said "the Agency was off the hook" regarding clearing a draft public statement on which Senator Fulbright had requested the Director's comments last week and which Senator Fulbright planned to make public (this was not the same draft referred to in the preceding item). Marcy said that instead of publication of this statement, Fulbright wished to call the Director for an executive session before the Senate Foreign Relations Committee in the late afternoon of Thursday or Friday (19 or 20 June) to learn of any recent developments regarding the Soviet SS-9, MIRV, etc., and to clarify any confusion regarding the Director's earlier testimony on these subjects. Following this, Marcy said Fulbright planned to call Secretary Laird in an open session and question him as to the basis of some statements contained in the recent DOD "White Paper".

Va.), Roman Hruska (R., Neb.), and Strom Thurmond (R., S. Car.). BeLieu thought we should go ahead, saying he would be glad to contact Hruska and Byrd on our behalf. Mr. Cromer expressed the Chairman's appreciation for the prompt response to his request.

25X1 3. [redacted] Met with Mr. John Martiny, Counsel, House Post Office and Civil Service Committee, who advised that the postal reform hearings will probably consume the energies of the full Committee through July, leaving little time for Committee or Subcommittee consideration of other legislation. Mr. Martiny noted that the Daniels Bill (H. R. 9825) with some amendment on the floor of the House with regard to the 1 per cent cost of living increase, sick leave conversion, and possible increase in cost for members of the Legislature, will have reasonable chance of getting through the House this year. At least at the present time he does not feel confident of passage by the Senate during this session. He also noted that Representative Udall's (D., Ariz.) bill (H. R. 11750) which was submitted this week includes authority for a permanent civil service salary wage adjustment commission and a 5 per cent increase in GS salary schedules over the July increase and probably has little chance for success during the session.

Mr. Michaels requested that he be provided with a listing of the Soviet military activities in the Far East during the last month for his use in briefing the Chairman on Monday. 9. [redacted] George Murphy on the staff of the Joint Committee on Atomic Energy, called to query us as to just what NIPPs were. I explained to Murphy that this was an abbreviation for documents entitled "National Intelligence Projections for Planning" and mentioned in passing the reference to NIPPs in John Finney's article of 1 June. Murphy said these had been called to his attention by Mr. Schwiller, of the Joint Committee staff. Murphy is interested in knowing if they are CIA documents as such or merely working papers. He is interested in any of these studies which might have to do with offensive and defensive weapons.

10. [redacted] David Martin, on the staff of Senator Thomas Dodd (D., Conn.), called and said that they were sending us a letter and a clipping which indicated a conspiracy was taking place between the Soviet Union and France with regard to Israel. Martin said that according to the article the United States was not privy to this but might be backed into a corner as a result of the situation. Martin was merely alerting me to this--adding that they would like any assistance which we could give to the Senator on this.

25X1 11. [] Advised Bill Woodruff, on the staff of the Senate Appropriations Committee, of the request we had received from Senator Case's office to brief him on Soviet MIRV testing and of our response to this request. Woodruff said he had not been aware that Senator Russell wanted requests of this sort cleared with him and was interested in knowing this despite the fact that he personally had hoped that the Senator would not put himself in this position. In connection with the request, Woodruff asked that he be given the same briefing to be given to Senator Case inasmuch as he (Woodruff) will be working with Senator Robert C. Byrd (D., W. Va.) in opposing Senator Case's resolution on MIRV testing. I told him we would be glad to do this.

Later in the day, I advised Woodruff that Senator Russell had agreed to the briefing of Senator Case and this had been scheduled for 2:00 p. m. on Friday. I offered to have [] DD/S&T, 25X1A come by and give him the same briefing following his briefing of Senator Case. Woodruff said he would appreciate this. He might possibly be in hearings on Friday afternoon-- in which case he will arrange another time. I also advised Woodruff of the action we were taking in connection with the draft speech on which Senator Fulbright had requested the Director's position.

25X1 12. [] At his request, I met with Al Tarabochia, on the staff of the Senate Subcommittee on Internal Security. He passed on to me some information regarding students who have participated in the "Fifth of May Camp". He is interested in knowing whether we have any information on this group. He also asked if I would be good enough to arrange an employment interview for the son of [] 25X1A He is a recent college graduate and is interested in Agency employment.

25X1 13. [] I advised William Korn, Executive Assistant to Senator Clifford P. Case (R., N. Mr. Michaels advised that this is a matter that will require some thought in relation to expenditure authority after 1 July. Mr. Michaels noted in passing that more extensive review of intelligence community activities by the Appropriations Committee than has been accorded in the past may be in the offing. The call concerned an allegation that CIA was engaged in "training exercises" and that everyone in the Hartford area could be subjected to them. The only other information Kranowitz had on this was an implication that this might involve Hartford residents in investigations for clearances. Kranowitz suggested that we might want to talk to Waters directly about this. I indicated that we would prefer to handle it through him if he was agreeable. After checking with OTR, Security, EA/DDP, DDS, and DDS&T, I advised Kranowitz that we did not have an office in Hartford; that certainly we were not engaged in any training exercises there. I added that occasionally we came across people who were impersonating CIA employees and if there was any evidence that this was involved in this situation we would, of course, like to know about it.

25X1 1. [] Tom Hughes, Director of INR, came by to read the answers we furnished to Senator Gore's Subcommittee on International Organization and Disarmament Affairs on Soviet strategic weapons and the transcript of this briefing. Mr. Hughes said he found this material entirely in line with the position of the intelligence community and did not foresee any problems arising therefrom.

25X1 2. [] In response to his call of last evening and after checking with Mr. [] Chief, CA Staff, I met with Mr. Jack Buttram, Press Secretary to Senator Paul J. Fannin (R., Ariz.), and advised that official queries relating to use of foundations in support of overseas activities should be addressed to the Department of State. I advised Mr. Buttram unofficially for the Senator's guidance that the Agency had not used the Parvin Foundation as a conduit and had no association with the Foundation. During the conversation Senator Fannin joined us briefly to say hello and thanked me for coming by in response to his query. Mr. Buttram advised that the Senator had received several suggestions that the Agency was associated with the Parvin Foundation and, in particular, that the bringing of African Nationals into this country on scholarship was an Agency activity. He advised that the Senator is going very deep into the question of the Parvin Foundation's activities and greatly appreciated the information that the Agency was not in any way involved with the Foundation. 25X1A

25X1 3. [] Met with Mr. Robert Michaels, Staff Assistant, House Appropriations Defense Subcommittee, who advised that Subcommittee consideration of the Agency's budget could well be delayed until after the July 4th recess. Mr. Michaels noted that it would be well if [] OPPB, would review the budget submission for any possible items that would need consideration in a continuing resolution by the Congress. As the Subcommittee scheduling for the present would appear, those agencies which require statutory authorization will be without statutory authorization and without appropriations on 1 July. I thanked Mr. Michaels for the advice. 25X1A

3. □ Met with Frank Slatinshek, Counsel, House Armed Services Committee:

a. In response to my question, Slatinshek said he was quite happy to take up the question of the Agency budget, about which he had recently inquired, with Robert Michaels, House Appropriations Committee staff. Slatinshek said that his interest arose from the fact that Chairman Pike, of the Subcommittee Investigating the Pueblo, had learned that NBC was preparing a feature TV program on the Pueblo which, among other things, raised questions about the scope and excessive cost of U.S. intelligence activities. Slatinshek said that Pike and other members of the Armed Services Committee were not particularly concerned about CIA in this regard, but were concerned about the amounts being spent by DIA and NSA.

b. I asked Slatinshek if he was aware of any criticism within the Armed Services Committee regarding the Agency's role in current controversial matters such as the SS-9 and the ABM. Slatinshek said he had heard no such criticism, that the Agency Subcommittee had apparently been quite satisfied with the Director's recent briefing, and that those in a position to know probably recognize the fact that any differences between DOD and the Agency in assessment of the Soviet threat were differences in emphasis rather than in basic facts.

10. [] Saw Senator Birch Bayh (D., Ind.) very briefly but did not have an opportunity to bring him up-to-date on the status of our contacts with Senator Ervin on S. 782. However, I left with his secretary copies of the latest exchange of correspondence between the Senator and the Director and briefed her on the latest developments. She said she would call me as soon as it would be convenient for the Senator to talk with us about this. In the meantime she will ask him to let us know if he hears that action is contemplated on this bill.

11. [] Met with Edward Bauser and George Murphy, on the staff of the Joint Committee on Atomic Energy, and alerted them to the most recent information concerning the Communist Chinese missile test range. They were much interested in this and asked that we keep them informed with regard to any further information developed on this.

12. [] Captain Bauser said that several weeks ago he had been told (by someone he obviously did not wish to identify) that more specific data was available on the Tallinn system which indicated that it was not an ABM system. He said the source of this information referred to "engagement data" and added that [] DD/S&T, could tell him more about this. Bauser asked if I would check on this and I told him I would be glad to do so.

13. [] Chief FI Staff, reported on his luncheon with Seymour Frieden and Joe Barbarette, both on the staff of Senator Thomas J. Dodd (D., Conn.). This was strictly a social visit and nothing of Agency interest came up. Frieden did not mention the Godley/Devlin matter and neither did [] 25X1A

14. [] Saw Pat Holt, on the staff of the Senate Foreign Relations Committee, and told him that Mr. [] would brief the Western Hemisphere Subcommittee on insurgency in Latin America on 16 June at 10:00 a.m. as he had requested. I indicated that Mr. Maury would accompany him and that [] might bring someone else to assist him.

OFFICE OF LEGISLATIVE COUNSEL

Monday - 2 June 1969

25X1

1. [redacted] Mrs. June Burke, in the office of Representative Edwin D. Eshleman (R., Pa.), called to inquire about employment possibilities in Air America for a constituent and I referred her to the Air America office listed in the Washington, D. C., telephone directory.

25X1

2. [redacted] Spoke further with Mr. Montgomery Winkler, Administrative Assistant to Representative Charles M. Teague (R., Calif.), who informed me that in their closeout letter to a constituent scheduled for a UNESCO assignment in Latin America they would advise him that he forget about the matter for the present [redacted] and raise the question with them again after he completes his assignment (see Journal of 29 May).

3. [redacted] Mr. Poole, in the office of Representative Allard Lowenstein (D., N. Y.), called on behalf of a constituent who felt he should have been permitted to bid on an offset plate process which was recently purchased by the Agency. After checking with [redacted]

[redacted] in Logistics, I suggested that Mr. Poole forward a copy of the letter to the Agency and that we would prepare a suggested reply to the constituent.

25X1

4. [redacted] Met briefly with Mr. Cliff Gaucher, Administrative Assistant to Representative Philip Philbin (D., Mass.), who advised that his contemplated trip under the second portion of his fellowship grant to India, Thailand, and Japan will probably be put off until October because the office has undergone an almost total change of personnel since March and the consequential need for supervision and training of the new people will not allow his departure before that time.

5. [] Met with Mr. Frank Slatinshek, House Armed Services Committee staff, in response to his question concerning the Agency's budget and intelligence community expenditures and suggested that he contact Mr. Robert Michaels, House Appropriations Defense Subcommittee staff, on this matter. I advised that Mr. Maury has talked to Mr. Michaels who will be pleased to discuss the matter further with Mr. Slatinshek at his pleasure. Mr. Slatinshek expressed his appreciation and noted that he will need to ascertain Chairman Rivers' desires before proceeding further with the Subcommittee on this matter.

Briefed Mr. Slatinshek on the Communist military aims in South Vietnam.

25X1

6. [] Met with Mr. Robert Michaels, House Appropriations Defense Subcommittee staff, and advised him that I had talked to Mr. Frank Slatinshek, House Armed Services Committee staff, since Mr. Michaels' earlier conversation with Mr. Maury and that Mr. Slatinshek would be calling him, Mr. Michaels, to discuss intelligence costs. Mr. Michaels noted that he had worked many times in the past with Mr. Slatinshek and foresaw little problem in dealing with him on this matter. He raised the personal question as to whether Chairman Rivers, House Armed Services Committee, would be interested in pursuing the question at this time.

Also briefed Mr. Michaels on the Communist military aims in South Vietnam.

25X1

7. [] Met with Mr. Jack Matteson, House Government Information and Foreign Operations Subcommittee staff, and discussed with him a complaint received by the Subcommittee concerning classification of an item appearing in the Technical Abstract Bulletin published by the Defense Documentation Center, Defense Supply Agency. It was reported that the item was classified by the Central Intelligence Agency. After some discussion it was suggested that due to Chairman Moss' strong personal interest in classification of foreign documents a meeting be scheduled for Mr. Maury with the Chairman after the Chairman's return to the city (see Memorandum for the Record).

25X1 8. [] Mr. Alton Frye, Legislative Assistant to Senator Edward Brooke (R., Mass.), called to say that, under the Senator's direction, he was working on a report of the Subcommittee on Research and Development of Senate Armed Services Committee (which [] briefed on 17 March 1969 re Soviet R&D). Mr. Frye said he wished to get up-to-date on the recent Pacific testing (the SS-9, the MRV) and also the ABM. 25X1A

Because of the existing policy against briefing staff employees of individual senators on controversial and sensitive issues, I checked separately with Colonel Harper, Professional Staff Member, Senate Preparedness Subcommittee; Mr. Edward Braswell, Chief of Staff, Senate Armed Services Committee; and James T. Kendall, Chief Counsel, Senate Preparedness Subcommittee. Colonel Harper confirmed that Frye had Top Secret clearance but felt the question should be cleared with Mr. Braswell and possibly Senator Stennis. Braswell said he could not approve the briefing of Frye, particularly in view of the fact that this apparently was a personal request on behalf of Senator Brooke and therefore not within the framework of the Committee-Agency relationship.

Kendall agreed that we might be setting an unfortunate precedent by briefing Frye but thought we should of course offer to brief Senator Brooke himself.

I called Frye back and explained that in view of the existing ground rules limiting sensitive briefings only to members and committee staff members, I did not see how we could accede to his request. Frye said he recognized there was a problem, but could not see any logic in existing policies of discrimination against staff members with full security clearances especially when they were eligible for briefings by DOD. He said he thought Senator Brooke would want to pursue the problem further and we would see where we came out. (Frye's manner was entirely friendly throughout, but he indicated that he did not consider the matter closed.)

25X1 9. [] Called Robert Michaels, House Appropriations Committee staff, and explained the request of Frank Slatinshek, House Armed Services Committee staff, for information on the Agency budget. Mr. Michaels said he would be glad to discuss the subject with Slatinshek and suggested we have Slatinshek call Michaels.

25X1 10. [] OER, called and expressed concern as to how our contributions to the Joint Economic Committee studies on Western Europe and Russia would be affected by the death of Leon Herman, of the Library of Congress, with whom Allen's people worked. Dr. Allen said that a John Hart, associated with a private firm, had contacted some of the people working on this material and suggested that he and Agency representatives get together with the Joint Economic Committee staff and discuss the possibility of his (Hart's) working with us on these projects. I subsequently discussed this situation with John Stark, Executive Director of the Joint Economic Committee, advising him of Hart's contact with us and expressing some concern about this kind of arrangement. I said that we would prefer to deal with the Committee staff or a designated representative of the Library of Congress on this. Stark thought Hart's approach premature and it was agreed that we would get together with him to discuss this privately around the middle of this week.

25X1 11. [] Winston Bryant, Legislative Assistant to Senator John McClellan (D., Ark.), called and asked me to review with him the thrust of our position on the Ervin bill, S. 782, which I did. Bryant said he would be talking with Senator McClellan this afternoon about the bill. He mentioned that Senator McClellan has a bill pending in the Judiciary Committee which Senator Ervin is opposed to and I gather that he will be talking to Senator Ervin about these two pieces of legislation in the very near future. I asked Bryant if he knew whether any action is scheduled on S. 782. He said he was not aware of anything specific with regard to that bill but added a number of bills "are moving" in the Judiciary Committee.

25X1 12. [] Pat Holt, of the Senate Foreign Relations Committee staff, called. He asked if the same briefing on Insurgency in Latin America, which had been given to him by Milton Brown, could be given to the Western Hemisphere Subcommittee. He suggested a time of 10:00 a. m. on 16 June. Holt said he knew we did not like to "proliferate" our briefings of Subcommittees and said that they were not asking that the Director give this briefing. He felt that Mr. Brown was perfectly acceptable to them or anyone else who could speak for the Agency. I told him I would check on this and be back in touch.

13. [redacted] Bill Woodruff, on the staff of the Senate Appropriations Committee, called and asked if the date of 9 June would be acceptable to us for the briefing of the Defense Appropriations Subcommittee which had been previously scheduled for tomorrow and had been postponed by the Committee. After checking with the Director, we advised Woodruff that this was an acceptable date for us. He will discuss this with Senator Russell and be back in touch.
